

Meet the Expert Evening Information

Date & Time: Saturday, July 9, 18:00-19:00

Place: Room "Hanabusa"

- Session 1** **Stromal evolution and tumor microenvironment cross-talk and modeling**
Experts: Dr. Marina Pasca di Magliano (University of Michigan)
 Dr. Atsushi Enomoto (Nagoya University Graduate School of Medicine)
 Dr. Kyoko Hida (Hokkaido University)
- Session 2** **Inflammation**
Experts: Dr. Florencia McAllister (University of Texas MD Anderson Cancer Center)
 Dr. Akihisa Fukuda (Kyoto University Graduate School of Medicine)
 Dr. Hideaki Ijichi (The University of Tokyo)
- Session 3** **Genetics, Kras, p53, and oncogenic signaling**
Experts: Dr. Elda Grabocka (Sidney Kimmel Cancer Center at Thomas Jefferson University)
 Dr. Rieko Ohki (National Cancer Center Research Institute)
 Dr. Masahiro Sonoshita (Hokkaido University Institute for Genetic Medicine)
- Session 4** **Tumor heterogeneity, plasticity, and therapy resistance**
Experts: Dr. Rosalie C. Sears (Oregon Health & Science University)
 Dr. Keisuke Sekine (National Cancer Center Research Institute)
- Session 5** **Screening and early detection, liquid biopsy, biomarkers, and premalignant lesions**
Experts: Dr. Anirban Maitra (UT MD Anderson Cancer Center)
 Dr. Toru Furukawa (Tohoku University Graduate School of Medicine)
- Session 6** **Clinical oncology and targeted therapies**
Experts: Dr. Nilofer S. Azad (Johns Hopkins University School of Medicine)
 Dr. Masashi Kanai (Kyoto University)
 Dr. Junji Furuse (Kanagawa Cancer Center)
- Session 7** **Immunotherapy**
Experts: Dr. Stephanie K. Dougan (Dana-Farber Cancer Institute)
 Dr. Yasuyuki Kida (National Institute of Advanced Industrial Science and Technology)
 Dr. Hiroyoshi Nishikawa (National Cancer Center)
- Session 8** **Metabolism, antioxidants, and cachexia**
Experts: Dr. Aaron J. Grossberg (Oregon Health & Science University)
 Dr. Masahiro Aoki (Aichi Cancer Center Research Institute)
 Dr. Atsushi Ochiai (Research Institute for Biomedical Sciences, Tokyo University of Science)
